VACANCY ANNOUNCEMENT

ASSOCIATE LAND AND WATER USE SCIENTIST

**LOCATION: CENTRAL VALLEY REGIONAL WATER QUALITY CONTROL BOARD,
11020 SUN CENTER DRIVE #200, RANCHO CORDOVA, CA 95670-6114**

The Central Valley Regional Board is searching for an individual to staff their Compliance and Enforcement Regulatory Unit in the Irrigated Lands Section of the Sacramento Office. This full-time permanent position presents a unique opportunity to be part of a new regulatory program for irrigated lands.

ASSOCIATE LAND AND WATER USE SCIENTIST - (RPA 150-53)

DUTIES: Under the direction of the Senior Water Resource Control Engineer, the Land and Water Use Scientist assess compliance of Coalition Groups and individual dischargers and prepare and execute enforcement cases in areas throughout the Central Valley Region. The LWUS will conduct complaint investigations, inspections, compliance evaluations and prepare formal and informal enforcement actions, as needed. Coordinate with other units within the Irrigated Lands Section to implement a comprehensive regulatory program. Coordinate compliance and enforcement work with staff in the Fresno and Redding Regional Board offices. Present information on compliance and enforcement cases to Coalition Groups. Maintain a field presence. Enter tracking information into SWIM or related databases. Prepares correspondence, work summaries, and progress reports related to all unit activities and oversee the preparation of background technical reports and correspondence.

NECESSARY QUALIFICATIONS: Effective communication skills including both verbal and writing skills; ability to work well with other disciplines; good customer service skills; ability to conduct field inspections; proficiency in standard computer applications including Word, Excel, PowerPoint.

DESIRABLE QUALIFICATIONS Experience working with multi-disciplinary professional staff (engineers, scientists, attorneys) engaged in environmental regulation, drafting regulatory or enforcement documents (orders, staff reports). An understanding of environmental water quality concerns related to discharges from irrigated lands facilities. The ability to write and speak effectively, work as a team player, make presentations before public entities, and interact with other state, federal, and local agencies and regulated communities.

WHO MAY APPLY: Applicants must hold a current Associate Land and Water Use Scientist appointment or possess list, transfer or reinstatement eligibility for Associate Land and Water Use Scientist. In addition, applicants who hold current Land & Water Use Analyst, Water Resources Control Engineer, Engineering Geologist or Environmental Scientist appointments or possess list, transfer or reinstatement eligibility to these classifications may also apply.

California Environmental Protection Agency

Permanent-Full Time: Final File Date: December 28, 2004 Interested persons should submit a complete State application form (Form 678), resume and five references to Bill Croyle at the above address or faxed to (916) 464-4681. Applications will be screened and the most qualified applicants will be scheduled for interviews. For information about the position you may call (916) 464-5817 or send an email to wcroyle@waterboards.ca.gov.
